GEORGE FERNANDES

UI & UX DESIGNER

Edinburgh EH11 4QW | fernandesgeorge873@gmail.com | +44 07823516175

PROFILE

UI/UX designer with a background in Computer Applications and User Experience Design. Focused on understanding user problems and turning ideas into simple, accessible, and meaningful digital experiences.

SELECTED PROJECTS

EcoTech Ltd

UX/UI Design | Figma, Webflow

Designed advanced interactions for a sustainability platform, with a focus on user flows, accessibility, and WCAG compliance. Built the experience using Webflow.

Morar

UX/UI Design | Figma

Created a financial literacy app to help users build better money habits. Designed user flows, wireframes, and high-fidelity screens with a clear, approachable interface.

Book Shop

Web Development | Bootstrap, PHP, MySQL

Built a responsive e-commerce website with user registration, a shopping cart, and an admin panel for managing books and orders.

DESIGN EXPERTISE

UX research, website design, mobile app design, information architecture, wireframing, prototyping, accessibility, and interaction design.

CREATIVE TOOLS

Figma / Adobe XD / Sketch / Photoshop / Canva

BACKGROUND

Computer Applications and User Experience Design. Academic and personal project experience across web design, mobile experiences, and front-end development.
